

Samuel J. L. Gascoigne

EDUCATION

University of Oxford, Oxford, UK
DPhil in Zoology, Pembroke College

Expected Graduation: May 2024

Lake Forest College, Lake Forest, IL, USA
Bachelor of Arts in Biology and Neuroscience, Magna Cum Laude

Graduated: May 2020
GPA: 3.86/4.0

RESEARCH EXPERIENCE

SalGo Team & Fly Lab | (*Population Ecology & Life-History Theory*)
DPhil Student

University of Oxford
October 2020 – present

- o Analyzing the impact of environmental stochasticity on population dynamics and life history evolution using structured population models (i.e., matrix population models and integral projection models) from across the tree of life.
- o Performing research into the effects of stochastic environments on demographic strategies *in vivo* (*Drosophila melanogaster*) and *in silico*.

Barbosa Lab | (*Life-History Theory*)
Research Associate

Lake Forest College
July 2018 – May 2020

- o Performing independent research directed at understanding the ultimate and proximate trade-offs in *Callosobruchus maculatus* that generate the dispersal and non-dispersal morphs.

Jefferis Lab | (*Behavioural Neuroscience*)
Research Assistant

MRC-LMB, Cambridge University
June 2019 – September 2019

- o Completed a project elucidating the role of asp-g neurons in female aggression and courtship receptivity via optogenetic manipulations in *Drosophila melanogaster*.

Conrad Lab | (*Molecular Biology*)
Student Researcher

Lake Forest College
August 2018 – December 2018

- o Performed research looking at the effect of the hypomethylating agent decitabine on the promoter region of *engrailed 1* in the colorectal cancer cell line HCT116.

Shingleton Lab | (*Eco, Evo, Devo*)
Research Associate

Lake Forest College, University of Illinois at Chicago
October 2016 – July 2018

- o Developed and led independent projects researching the developmental mechanisms that mediate the reduction in body size and increase in developmental time in response to hypoxia in *Drosophila melanogaster*. This project was funded by the NSF (IOS-1406547).
- o Researched the relative plasticity of tissues in response to changes in temperature and how increased plasticity can be explained by the canalization of cell proliferation during development.

Anandappa Lab | (*Microbiology and Food Science*)
Collaborator

University of Nebraska at Lincoln
November 2017 – June 2018

- o Conducted data acquisition and analysis in a project linking algal bloom expansion to increased rates of cyanotoxin related illness.

PEER REVIEWED PUBLICATIONS (19 total: 8 in review, 11 published; * = co-first author)

See [Google Scholar](#) and [Research Gate](#) for more details.

IN REVIEW:

HONOURS AND ACHIEVEMENTS

- | | |
|---|--|
| Finalist for the SORTEE Open Science Student Award | SORTEE
October 2023 |
| <ul style="list-style-type: none"> o Awarded to graduate students who have made major contributions to openness, reliability and transparency in ecology and evolutionary biology. | |
| Shortlisted for the Sidnie Manton Award | Journal of Animal Ecology
October 2023 |
| <ul style="list-style-type: none"> o Awarded to early career researchers submitting reviews/long-term studies to Journal of Animal Ecology. The selection process for this award is currently ongoing. | |
| Biology Eurofins Foundation Award
£540 | Eurofins Foundation
July 2021 |
| <ul style="list-style-type: none"> o Awarded for travel expenses to Ecology Across Borders 2021 in Liverpool, UK. | |
| Elizabeth Hannah Jenkinson Fund
£2,000 | University of Oxford
May 2021 |
| <ul style="list-style-type: none"> o Awarded for promising research on the topic of developmental biology. | |
| David D. Towle Award | Lake Forest College
May 2020 |
| <ul style="list-style-type: none"> o Awarded to a graduating senior for their outstanding research accomplishments. | |
| Barry M. Goldwater Scholarship
\$7,500 | National (USA)
May 2019 |
| <ul style="list-style-type: none"> o The most prestigious undergraduate national scholarship in science, mathematics, and engineering. | |
| Presidential Scholarship
\$120,000 | Lake Forest College
August 2016 – May 2020 |
| <ul style="list-style-type: none"> o Awarded to students exhibiting extraordinary academic potential and talent from across the United States. | |
| Reid Music Scholarship
\$8,000 | Lake Forest College
August 2016 – May 2020 |
| <ul style="list-style-type: none"> o Awarded to students exhibiting extraordinary music potential and talent. | |
| Richter Scholar
\$2,000 stipend | Lake Forest College
August 2016 – May 2020 |
| <ul style="list-style-type: none"> o A 10-week research opportunity awarded to students who show academic excellence in their freshman year and are interested in academic research. | |

- o Undertaken with Dr. Alexander W. Shingleton.

Dean's List

Lake Forest College

December 2016 – May 2020

- o Celebrates students who have received distinguished academic awards throughout the full school year and maintain a grade point average of at least 3.60 for two consecutive semesters.

TEACHING EXPERIENCE

Introduction to Life History Theory

Pembroke College, University of Oxford

Post-Graduate Lecturer

May 2023 – August 2023

- o Course: [OxNet](#)
- o Give an introductory lecture on the topic of life history theory to passionate secondary school students from the North-West of England in Pembroke College's OxNet program. Subsequently, set an essay and run Oxford-style tutorials on the topic of life history theory and structure population models.

Research Methods Teaching

School of Geography and Environment at the University of Oxford

Assistant Lecturer

January 2023 – April 2023

- o Course: [M.Sc. Biodiversity and Conservation Management](#)
- o Guide students through lecture material by holding weekly study sessions, holding office hours, and working with the instructor to evaluate their progress.

Cell & Molecular Biology Teaching

Biology Department at Lake Forest College

Teacher's Assistant

August 2018 – December 2018

- o Course: BIOL 221, Molecules, Genes, and Cells (bio core class).
- o Guide students through lecture material by holding weekly study sessions, holding office hours, and working with the instructor to evaluate their progress.

Introductory Neuroscience Teaching

Neuroscience Department at Lake Forest College

Teacher's Assistant

August 2017 – December 2017, January 2019 – May 2019

- o Course (2017): FIYS 106, Medical Mysteries of the Mind (neuro elective)
- o Course (2019): BIOL 130, Deadly Shapes and Hostage Brains (bio & neuro elective)
- o Guide students through lecture material by holding weekly study sessions, holding office hours, and working with the instructor to evaluate their progress.

General Chemistry Laboratory Teaching

Chemistry Department at Lake Forest College

Teacher's Assistant

January 2018 – April 2018

- o Course: CHEM 116X, General Chemistry II (chem core class).
- o Guide chemistry students engaging in experiments and answer their questions.
- o Help students run different machinery such as gas chromatograph and online Chemistry software.

Tutor for the Life Sciences

Quantitative Resource Center at Lake Forest College

Tutor

August 2017 – May 2020

- o Courses tutored: MATH 108 (calc I), BIOL 120 (organismal bio), CHEM115 (gen chem I), CHEM 116 (gen chem II).
- o Help struggling clients through the material in one-hour weekly meetings.

OUTREACH, LEADERSHIP & COMMUNITY INVOLVEMENT

Introduction to Life History Theory

Pembroke College, University of Oxford

Post-Graduate Lecturer

May 2023 – August 2023

- Course: [OxNet](#)
- Give an introductory lecture on the topic of life history theory to passionate secondary school students from the North-West of England in Pembroke College's OxNet program. Subsequently, set an essay and run Oxford-style tutorials on the topic of life history theory and structure population models.

COMPADRE and COMADRE databases

University of Oxford

Chief Compadrino

October 2021 – present

- Lead the digitizing effort for the [COMPADRE and COMADRE databases](#).
- Run workshops at international conferences introducing matrix methods in demography, the COMPADRE and COMADRE database and how to analyze MPMs in R.

Student Academic Advisory Committee (SAAC)

Lake Forest College

Elected Member for the Biology Department and Neuroscience Program

August 2019 – May 2020

- Aid in the hiring of a new tenure track Biology faculty member.
- Review the efficacy and success for both Biology and Neuroscience programs along with other SAAC board members.

Nu Rho Psi

Lake Forest College

Inducted Member

March 2017 – May 2020

- Wrote the Brain Bee Exam (Brain Bee, February 2017) and helped organize the event.

Synapse Club: Neuroscience Outreach Club

Lake Forest College

Project Manager

August 2016 – May 2019

- Help organize Brain Awareness Week outreach and other outreach events.
- Collaborate with clubs from other majors to create events and projects that demonstrate the interdisciplinary nature of Neuroscience.

Grades K-6 Outreach

Lake Forest College

Volunteer

November 2017, May 2018

- Taught K-6 graders the parts of the brain necessary for movement and action and about how the brain works to sense, integrate and act.

INVITED REVIEWER FOR THE FOLLOWING JOURNALS

Ecology Letters, Methods in Ecology & Evolution, Functional Ecology, Annals of Botany Plants, Peer Community in Ecology

ACADEMIC SOCIETIES

British Ecological Society (BES)

Since 2020

Evolutionary Demography Society

Since 2022

SORTEE

Since 2022

HONOURS SOCIETIES

Nu Rho Psi

Inducted: March 2017
Neuroscience honorary

Omicron Delta Kappa

Inducted: February 2019
Leadership honorary

Beta Beta Beta

Inducted: April 2019
Biology honorary
